Large Animal Haul In

At Beckett and Associates, we strive to provide our large animal patients with the best care possible. Our large animal haul in facility allows us to do this. Our goal is to be able to serve your barnyard pets with outpatient procedures as well as routine vaccines and procedures here in our clinic.

The large animal haul in is equipped with:

- Stocks
- Holding area
- Close observation stalls
- Mare and foaling stalls
- Easy access to round pens for lameness workups
- 12 hour a day monitoring
- Large animal outpatient surgery suite

Benefits of utilizing our large animal haul in include:

- Full staff support
- Adequate environment for our staff to ensure your pet receives the proper professional care in a sanitary environment
- Eliminate a farm call charge
- Alternative treatment options
- On site lab results
