WHAT'S NEW:

Happy Fall, everyone!

Here is a quick chance for us to update clients on what has been happening over the past month at Beckett and Associates.

With the holiday season just ahead of us, we want to remind everyone that if they are boarding or kenneling their animals during the busy travel season, please be sure they are up to date on vaccines. Feel free to call the office, and we'll let you know if all vaccines will be up to date when you are away.

Also, you may have noticed that we have added some new staff members to our Clinic. Be sure to check them out on our website, as well as at the clinic!

Back To School

We have just begun another Puppy Pre School session. Good luck to all the pups that have joined and congratulation to those who just graduated!

Fido and Whiskers Big Day Out

Beckett and Associates recently participated in Glastonbury's first ever Fido and Whiskers Big Day Out on Sunday, September 23rd. It was an afternoon of fun and sun for owners and animals of all kind here at the town green. Our Clinic set up a booth full of show and tell items, goodie

bags, and helpful handouts for all types of furry friends.

The event turnout was great and we want to thank everyone who stopped by to show their support for all of the great participants!

Here is a photo of our "How to Prep for Surgery" Demonstration put on by Dr. Brennan, with the help of Dr. Chediak:

Are You A Pet Angel?

PetAngels.org is a newly developed website, created by the staff at Beckett and Associates. The site was developed to encourage the people of Connecticut to consider adopting their next pet. Along with some commonly asked questions, we provide viewers with a list of local rescues, and also have a lost and found page. As a mixed practice veterinary clinic, Pet Angels is open to any type of species. The site should be used as a tool to give pet lovers some direction, as far as the benefits of adopting are concerned. Check out the website, www.petangels.org, and start adopting!
